Hosting a Workshop in Your City, at Your Church

LMPC takes the initiative to present a variety of training events each year in various regions of the country. For such events, LMPC does all the publicity and coordinates the registration process.

LMPC presents a number of *Mediation Skills Training Institutes for Church Leaders* each year in various cities, lasting five days each, Monday through Friday. Each year, we also present six to eight weekend workshops for clergy and lay leaders, as well as a variety of mid-week workshops primarily for clergy.

We invite churches to partner with us by hosting an event. Hosting an LMPC event brings good visibility to your church and enhances your outreach to the community.

The lunches provided at your church can be local carry-out food. We will work with you to plan this. Of course, LMPC reimburses the host church for all food expenses.

If you would consider hosting, please check the relevant boxes below, and write your contact information. You can mail in the form or phone the LMPC office. We will contact you to follow-up. Thank you.
